

Wellmark International has reviewed Bite Free Stable Fly Trap and its' associated components for potential health and physical hazards associated with handling the product. Based on this review and/or the physical form of the product, we have determined that this product does not meet the hazard criteria specified in the OSHA Hazard Communication Standard 2012 (29CFR1910.1200) and therefore does not require a Safety Data Sheet (SDS) which is required only for hazardous materials.

If you have any questions, or need further assistance, please call me.
