

### SECTION 1: Identification

#### 1.1. Identification

Product form : Mixture  
Name : ClariFly Add-Pack Fly Control  
Synonyms : 100518353, CGP-2013-MP, EPA Reg. No. 89459-1

#### 1.2. Recommended use and restrictions on use

Recommended use : Insect growth regulator.  
Restrictions on use : Keep out of reach of children. Avoid contact with eyes, skin or clothing. Do not use or store near heat or open flame.

#### 1.3. Supplier

Central Garden & Pet  
1501 E. Woodfield Road, Suite 200W  
Schaumburg, IL 60173 - United States  
www.centralflycontrol.com

#### 1.4. Emergency telephone number

Emergency number : 1-800-347-8272  
1-800-424-9300 - CHEMTREC  
1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted

### SECTION 2: Hazard(s) identification

#### 2.1. Classification of the substance or mixture

##### GHS US classification

Combustible dust May form combustible dust concentrations in air [if small particles are generated during further processing, handling or by other means].

#### 2.2. GHS Label elements, including precautionary statements

##### GHS US labeling

Signal word (GHS US) : Warning  
Hazard statements (GHS US) : May form combustible dust concentrations in air [if small particles are generated during further processing, handling or by other means.]

#### 2.3. Other hazards which do not result in classification

Other hazards which do not result in classification : This pesticide is toxic to aquatic invertebrates. Under United States Regulations (29 CFR 1910.1200 - Hazard Communication Standard), this product is considered hazardous.

#### 2.4. Unknown acute toxicity (GHS US)

Not applicable

### SECTION 3: Composition/Information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

Name	Product identifier	%
Diflubenzuron	(CAS-No.) 35367-38-5	0.16

Comments : NOTE: Contains dried grain ingredients which present a combustible dust hazard

### SECTION 4: First-aid measures

#### 4.1. Description of first aid measures

First-aid measures after inhalation : IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.  
First-aid measures after skin contact : IF ON SKIN: Wash with plenty of soap and water. Wash skin with plenty of water. Take off contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.  
First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice and attention.

# ClariFly Add-Pack Fly Control

## Safety Data Sheet

First-aid measures after ingestion : IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Do NOT induce vomiting unless directed to do so by medical personnel.

### 4.2. Most important symptoms and effects (acute and delayed)

No additional information available

### 4.3. Immediate medical attention and special treatment, if necessary

Treat symptomatically.

## SECTION 5: Fire-fighting measures

### 5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media : Carbon dioxide. Water spray. Dry powder. Foam.  
Unsuitable extinguishing media : Avoid heavy hose streams.

### 5.2. Specific hazards arising from the chemical

Explosion hazard : Dust cloud can be ignited by a spark. Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.  
Reactivity : This material is friable and can create small dust particles during any handling, processing, and transfer operations. This material can form explosive dust/air suspensions that are ignitable under some conditions.

### 5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions : Combustible dust - use low-pressure medium fog streams to avoid dust clouds. Ventilate closed spaces before entering. Eliminate ignition sources. Move containers away from the fire area if this can be done without risk.  
Protection during firefighting : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

Protective equipment : Avoid contact with skin, eyes and clothing. Wear suitable protective equipment.  
Emergency procedures : Ventilate spillage area. Do not breathe dust. Evacuate unnecessary personnel. No flames, no sparks. Eliminate all sources of ignition. Avoid contact with skin and eyes. Avoid dust formation.

#### 6.1.2. For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. Positive pressure self-contained breathing apparatus (SCBA).  
Emergency procedures : Contain spill and monitor for excessive dust accumulation. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Use caution when ventilating closed spaces before entering. Turn off electric power to area. As an immediate precautionary measure, isolate spill or leak area for at least 100 meters (330 feet) in all directions. Evacuate area.

### 6.2. Environmental precautions

Avoid release to the environment.

### 6.3. Methods and material for containment and cleaning up

Methods for cleaning up : Sweep or scoop spills, dispose of any unusable material in approved landfill. Use appropriate PPE. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Non-sparking tools should be used.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Avoid dust formation. Take all necessary technical measures to avoid or minimize the release of the product on the workplace. Provide local exhaust or general room ventilation. Wear personal protective equipment. Avoid breathing dust. Avoid contact with skin and eyes.  
Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep container tightly closed. Store in original container. Store in a well-ventilated place. Keep cool. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.  
Incompatible materials : Strong oxidizers. Heat, sparks, open flame.

# ClariFly Add-Pack Fly Control

## Safety Data Sheet

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Appropriate engineering controls

- Appropriate engineering controls : It is recommended that dust control equipment such as local exhaust ventilation and material transport systems involved in handling of this product contain explosion relief vents or an explosion suppression system or an oxygen-deficient environment. Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values.
- Environmental exposure controls : Avoid release to the environment.

#### 8.3. Individual protection measures/Personal protective equipment

##### Hand protection:

Protective gloves

##### Eye protection:

Safety glasses

##### Skin and body protection:

Applicators and other handlers must wear long sleeved shirt and long pants, socks and shoes

##### Respiratory protection:

In case of insufficient ventilation, use NIOSH approved respiratory protection.

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Physical state	: Solid
Appearance	: White fine, granular solid
Color	: White or brown
Odor	: Moderate, chalk-like
Odor threshold	: No data available
pH	: Not applicable
Melting point	: No data available
Freezing point	: Not applicable
Boiling point	: No data available
Flash point	: Not applicable
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability	: Non-flammable
Vapor pressure	: No data available
Relative vapor density at 20°C	: No data available
Relative density	: 0.77 g/cm <sup>3</sup>
Solubility	: No data available
Partition coefficient n-octanol/water (Log Pow)	: No data available
Auto-ignition temperature	: Not applicable
Decomposition temperature	: No data available
Viscosity, kinematic	: Not applicable
Viscosity, dynamic	: Not applicable
Explosion limits	: Not applicable
Explosive properties	: Combustible dust
Oxidizing properties	: Not applicable

# ClariFly Add-Pack Fly Control

## Safety Data Sheet

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

This material is friable and can create small dust particles during any handling, processing, and transfer operations. This material can form explosive dust/air suspensions that are ignitable under some conditions.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

May form combustible dust concentrations in the air. Hazardous polymerization will not occur.

### 10.4. Conditions to avoid

Avoid dust formation. No flames, no sparks. Eliminate all sources of ignition.

### 10.5. Incompatible materials

Strong oxidizing agents. Heat.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Diflubenzuron (35367-38-5)	
LD50 oral rat	> 4640 mg/kg (Rat, Oral)
LD50 dermal rabbit	> 2000 mg/kg (Rabbit, Dermal)
LC50 Inhalation - Rat	> 2.88 mg/l 6 h

GHS-US Properties	Classification
Acute toxicity (oral)	Not classified
Acute toxicity (dermal)	Not classified
Acute toxicity (inhalation)	Not classified
Skin corrosion/irritation	Not classified
Serious eye damage/irritation	Not classified
Respiratory or skin sensitization	Not classified
Germ cell mutagenicity	Not classified
Carcinogenicity	Not classified
Reproductive toxicity	Not classified
Specific target organ toxicity (single exposure)	Not classified
Specific target organ toxicity (repeated exposure)	Not classified
Aspiration hazard	Not classified

### Potential health effects

#### Inhalation

- Acute : Exposure to dust may cause respiratory irritation.  
Chronic : Repeated and prolonged exposure to diflubenzuron may cause methemoglobinemia.

#### Skin

- Acute : Exposure to dust may cause mechanical irritation.

#### Eye

- Acute : Exposure to dust may cause mechanical irritation.

#### Ingestion

- Acute : Under normal conditions of use, no health effects are expected.

**Mutagenicity** : Diflubenzuron is not a mutagen.

**Carcinogenicity** : Diflubenzuron is not classified as a carcinogen by NTP, IARC and OSHA.

**Reproductive Effects** : Diflubenzuron is not a reproductive toxicant.

# ClariFly Add-Pack Fly Control

## Safety Data Sheet

### SECTION 12: Ecological information

#### 12.1. Toxicity

Diflubenzuron (35367-38-5)	
LC50 Acute fish 1	140 mg/l (Exposure time: 96h Rainbow trout)
LC50 Acute fish 2	135 mg/l (Exposure time: 96h Blue gill)
EC50 Acute crustacea 1	0.002 mg/l (Exposure time: 96h Mysid shrimp)
EC50 Acute crustacea 2	0.0037 mg/l (Exposure time: 48h Water flea Daphnia magna)
NOEC Chronic fish 1	0.1 mg/l (Fathead minnow)
NOEC Chronic crustacea 1	0.000045 mg/l (Mysid shrimp)
NOEC Chronic crustacea 2	0.00004 mg/l (Water flea Daphnia magna)

#### 12.2. Persistence and degradability

No data available

#### 12.3. Bioaccumulative potential

No data available

#### 12.4. Mobility in soil

No data available

#### 12.5. Other adverse effects

ClariFly Add-Pack Fly Control	
Ecological Fate	This pesticide is toxic to aquatic invertebrates.

### SECTION 13: Disposal considerations

#### 13.1. Disposal methods

Product/Packaging disposal recommendations : Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

### SECTION 14: Transport information

	UN number	Proper Shipping Name	Transport hazard class(es)	Packing group	Environmental hazards
<b>DOT</b>	Not regulated	Not regulated	Not regulated	Not regulated	Not applicable
<b>IMDG</b>	UN3077	Packaging greater than 5 kg: Environmentally hazardous substance, solid, n.o.s (Diflubenzuron)	9	III	Marine pollutant
<b>IATA</b>	UN3077	Packaging greater than 5 kg: Environmentally hazardous substance, solid, n.o.s (Diflubenzuron)	9	III	Acute aquatic toxicity

### SECTION 15: Regulatory information

#### 15.1. US Federal regulations

Diflubenzuron (35367-38-5)	
Listed on the United States TSCA (Toxic Substances Control Act) inventory Subject to reporting requirements of United States SARA Section 313	
SARA Section 313 - Emission Reporting	1 %
EPA Labelling	
EPA Registration Number	89459-1
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.	
FIFRA Hazard statements	<b>Caution</b>
FIFRA Precautionary statements	KEEP OUT OF REACH OF CHILDREN.
FIFRA Hazards to Humans and Domestic Animals	Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. <b>PERSONAL PROTECTIVE EQUIPMENT:</b> Wear long-sleeved shirt and long pants, shoes plus socks, and chemical resistant gloves (such as or made out of any waterproof material, Selection Category A). Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

# ClariFly Add-Pack Fly Control

## Safety Data Sheet

FIFRA First aid	IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
FIFRA Environmental hazards	This pesticide is toxic to aquatic invertebrates. Do not contaminate water when disposing of equipment washwaters or rinsate.

### 15.2. US State regulations

No additional information available

## SECTION 16: Other information

Issue date : 10 April 2014  
Revision date : 04 February 2026  
Supersedes : 15 February 2021

### Indication of changes:

SDS reviewed - minor revisions made.
