Prolate/Lintox-HD™

Insecticide for use **ON LIVESTOCK** as a spray or in backrubbers

Tried and true.

The standard in insecticidal sprays and backrubbers for cattle and swine

Prolate/Lintox-HD™

Prolate/Lintox-HD™ insecticide is a liquid product for livestock that when diluted and used as a spray or in a backrubber, it provides effective treatment of horn flies, lice, mange mites and ticks on cattle. Prolate/Lintox-HD™ insecticide also can be used as a spray for treatment of swine with lice or sarcoptic mange infestations.

- Insecticidal spray and backrubber for livestock
- Contains the powerful active ingredient, phosmet
- Controls horn flies, lice, sarcoptic mange and ticks on cattle
- Controls lice and sarcoptic mange on swine
